Welcome!

Plasma donation can save lives.

Hi! I'm a virtual assistant. How can I help you today?

Hi

Hello

Example: See how I can help

Type something...

Built with **IBM Watson®** ⓘ

Plasma is the liquid portion of blood. About 55% of our blood is plasma, and the remaining 45% are red blood cells, white blood cells and platelets that are suspended in the plasma. Plasma is about 92% water. It also contains 7% vital proteins such as albumin, gamma globulin and anti-hemophilic factor, and 1% mineral salts, sugars, fats, hormones and vitamins.
